Rain

☐

•Correspondence with Eric Blue about the delivery dates for the mockup units . He also wanted to make sure that the units to be delivered for the CHP mockup did not need the hardware. This was agreed by Bob Brignano, Paul Jefferson, and myself since this mockup is not testing the connection between the Trelleborg units and the steel plates.

- Site visit for the mockups
- Site visit to the OBG splices
- Diary work

No overtime accrued today.
